Synopsis: “O Remédio Marinho” (The Marine Medicine) is a film based upon the book “O Beijo da Palavrinha” by Mia Couto and made from the imagination, drawings and animations by young students of the 4th grade of the Areia-Árvore basic school (Vila do Conde, Portugal). It tells the story of Maria Poeirinha, a little girl that is very sick and that needs too see the sea. Only the strength of the word, brought by her brother, can really help her...
